Bridge About Ready

The re flooring of the Waltersville bridge is about completed and ready for travel again. The work on this bridge has caused considerable inconvenience to the travel on our most used road, but when it is known that this work is to be done but once in about every 15 years the inconvenience is not so bad.

Catching 'Em Fast

The Estill Fiscal Court paid out one thousand dollars as reward to officers for capturing moonshine stills the past six months. The law provides a reward of \$50 for the conviction of each violator of the prohibition law and obligates the Fiscal court of the county to pay the bills.

Mothers' Club

The Mothers' Club will meet with Mrs. Wm. Bashaw Thursday October 26th. All members and those who wish to join us are requested to come, as that is our meeting to elect new officers for our second year.

Meat Market

I get a regular supply of fresh meats each Wednesday. My headquarters are at Robbins' store and I will make every reasonable effort to supply you with quality meats at a fair price. I am a home man, you need no introduction to me. O. H. Mackey.

Sales Day

Saturday was the "Clay City Court Day" and a very busy day it was. A good crowd was present and more than 100 cattle were on the market, many of which were sold. Buyers, however, were not able to handle all on the market, so many were left unsold. Shelt McKinney loaded a car of fat cows that he had bought and shipped them to Cincinnati.

Trade with the merchants was good and business at the garages was also brisk. Several army goods articles was disposed of by Col. Ray Rowland auctioneer.

One thing badly needed is stock pens. Corraling them on the streets is out of date and should be supplanted by efficient stock pens.

Broken Nose

Dr. John F. Knox, the popular young physician, suffered a broken nose last Thursday while en route to Cynthiana to see the ball game, when the machine in which he was riding threw him violently against the top. The injury was set and while painful the genial young physician is getting along all right.—Mt. Sterling Gazette.

Dr. Knox is a former Powell county man and has many friends here who will regret to learn of his accident.

First Frost

The first frost of the season was with us Friday morning. We have since had good frosts on several mornings. The Japan clover, the best of our pasture grass, is gone for this year.

Irvine Wants Sewers

November 13th Irvine will vote on the proposition to issue \$20,000 in bonds to build sewers for the town.

Home of Martin Ford Burns

(Slade News)

The dwelling of Martin Ford and contents were burned Tuesday night about 7 p. m. Nothing saved and no insurance. The origin of the fire is not known, but thought to have been started in a wardrobe by throwing down a match thought to be extinct. By the crowd being congregated at church near the fire, the store was saved by carrying water from the creek nearby. Mr. Ford and family have the sympathy of the entire community.

Mr. and Mrs. E. T. Ewen are being congratulated upon the arrival of a little son, Monday, the 17th, named E. T. Jr. Mrs. Ewen was before marriage Miss Ethel Wilson, of Owsley county, and also served in the World's War as a nurse in France.

A very interesting meeting is in progress here. Bro. Brewer is being assisted by Bros. Triplet and Howard of Montgomery and Bath counties.

H. G. Garrett and State Supt. Boggs are here this week in behalf of the road.

Buya Farm in Florida

David Patrick has purchased a forty-acre farm at DeLand, Fla., for \$5,500. It is highly improved, having an eight-room house furnished; 850 orange trees; a variety of others, including banana, lemon, peach and pear. It also has a lot of farming implements, live stock and poultry. Everything ready for prosperity.

Leonard Patrick and Winfred Davis left Monday for Florida to take possession.

Joe McKinney Trades For Property in Irvine

Joe McKinney last week traded his excellent farm at Spout Spring to Isaac Ballard, of Irvine, to a splendid dwelling near the central part of town and gets \$1,000 difference. Possession will be given by both parties Jan. 1, 1923. Mr. Ballard will move to his farm. Mr. McKinney together with his brother, Shelt, will have a sale of personal property October 26 as advertised in this issue of the Times.

Attending Grand Lodge

Oscar Mackey, Master of the Clay City Masonic Lodge, is in Louisville this week attending the Grand Lodge of Masons. The Grand Lodge went in a body to Shelbyville Tuesday to dedicate an infirmary at the Old Mason's Home.

Moves to Ohio

J. M. Easterling and family left Monday for Dayton, Ohio, where he has a position with the Pennsylvania Railroad. Mr. and Mrs. Easterling are splendid citizens whom we regret to lose.

Now Let's Buy a Ford

With the lowest price the Ford has ever been in its history and the easy way I sell them, there is no reason why one should not be in every family in Powell where you have a road. Come and name your terms and get a Ford. You know I will call on you, but if you don't show some desire to own a real car, and reap a real benefit from one of the only cars made, it is your own fault, as I sell, and give service no dealer can surpass, and my many customers bear me out by showing their loyalty to me and can't help but come for service. The best mechanic I can obtain is here to welcome you, and a good service boy to give you all the benefits of a first-class garage. No "gyp" tires are sold, only Fisk and Goodyear. You can't beat either for first grades. I have a welcome for every man to call, try and see. Look at the reduction of \$50.00, new prices in black type. Joe Mounz.

It's Quite Different Now

Mrs. Rebecca Jones, of Clark county, visited her daughter, Mrs. W. J. Christopher, the intermediate teacher of the school. It had been fifty years since Mrs. Jones was at Clay City. There were only a few log cabins here at that time.

Farmers Outraged

We publish the October crop report on the first page of this paper. From this report of those at the head of affairs at Washington and Frankfort we learn that prices on farm crops are today selling at more than 30 percent lower than for the past average ten years, and that farm animals have decreased more than 20 percent in value over the past ten year average. In the face of all the above reports sent out from Frankfort, and notwithstanding the fact that farm lands have advanced in price more than 50 percent. Our beloved? taxing authorities at Frankfort let the farmers know they must hold their farms up in assessment or be raised again. But few farmers object to assessing their lands at a fair cash value determined as the property of the bank and railroads are listed. But to have their lands assessed at its highest selling value is a very unfair proposition, and many of them in this county will not submit to it.

Senator White L. Moss has written The Times to get us to support only the nominees for State Senator and Representatives in our respective districts who favor the fifty million bond issue for roads. The Times will gladly support such bonds when roads are built in Kentucky at a fair price, but the prices now paid for road building is extortion. To invest fifty million for a primary system of roads sounds too much for The Times. The Times therefore shall oppose the measure for at least the present.

LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes.

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless.

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found

that nervous, tight feeling was going, as was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. . . I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work.

"I went to my mother's (Mrs. Docters) one day, and she wasn't well at all. . . I told her, we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere.
